Moses' Sixteenth Annual September Furniture Sale Regular Prices Reduced 15 to 60 Per Cent.

Furniture Sale

Nearly 20,000 pieces of Furniture involved in this sale which starts tomorrow. The prices we stand ready to guarantee are lower than we'll duplicate the goods for at any other time of the year.

Whole factory stocks, special exposition pieces, furniture made to our order under dull-season contracts at extraordinarily low prices, all contribute their force of argument for the success of this sale.

This is our Sixteenth Annual Sale, and if favorable conditions are an indication it will be an overwhelming success. Come and inspect the stock at once. Have your name put on desired pieces. Deliveries will be made as rapidly as possible. Furniture Sale

if the sneeze continues. Stipulation Not Necessary.

There seems to be no pressing need for attaching any contingency to the payment of that \$1, for it is nowhere recorded that any member ever secured any rebate or ceased active membership by an abatement of the disease. On the other hand, the way the eligibles come in every year makes the sneezers crowd the life-membership class.

There is hardly a spot in the United States that has not an eligible for membership in the hay fever association. Even the District of Columbia can supply a sneezebund contingent.

Lundy Gets a Prize.

A report of the sessions of the association states that a large bandanna handkerchief was voted to E. K. Lundy of this city as a prize for the best original poem on hay fever. Mr. Lundy is a clerk in the War Department and resides

in Mount Pleasant. An increase in membership and a growing interest in methods of combatting the ravages of hay fever in various parts of the country was reported. The place for holding the next meeting was left to be determined by the executive commit tee. Prior to adjournment the association elected the following officers: President, Clayton E. Delamater, Newport, R. I.; vice president, William M. Patterson, New York; secretary, P. F. Jerome, New
